13. **MAINTENANCE.** The maintenance, upkeep and repair of individual homes shall be the sole responsibility of each individual Owner. Owners shall maintain their Lots and homes and all appearances thereto at all times. Owners are responsible for the maintenance of the landscaped area in the right-of-way between the street and the sidewalk. All lawns shall be adequately watered and kept mowed and properly trimmed. Each Owner shall be obligated to maintain all landscaping (including lawn) on Owner's Lot and the right-of-way area between the street and the sidewalk in a healthy and attractive state and in a manner comparable to that on the other Lots in JONES FARM. Each Owner is responsible for the operation, repair and maintenance including winterization and spring start-up of their own private front yard sprinkler system installed by Declarant during home construction. If such walls were installed, homeowners shall not add additional rock to or alter these existing walls without the prior written approval of Declarant and the applicable governing jurisdiction.
15. **SLOPE AREAS.** Declarant has developed a storm drainage system ("Community Erosion Control Plan"), which addresses water run-off for the entire property as opposed to run-off between individual Lots. This means that unfiltered surface water and sediment can traverse other Lots before reaching a public storm water facility, with the understanding that prior to reaching a gutter, street or storm water facility, the water will be filtered. Silt fencing has been installed in conjunction with the final site grading, in areas designated on the construction documents that meets the local storm water agency's guidelines for surface erosion control. Usually, the normal location for silt fencing is on or adjacent to the property line to protect rear and side sloping areas and adjacent to the curb to protect front sloping areas. It should be noted that the purpose of silt fencing is to control erosion only, and that storm water and some sediment can be expected to travel downhill from higher elevation Lots through lower elevation Lots to its final destination in a public storm water facility. No structure, planting or other material shall be

placed or permitted to remain or other activities undertaken which may damage or interfere with the grading plan developed by the Declarant. This includes altering the defined slope areas, attempting to change the storm water direction or performing any action that creates erosion. Once the Declarant has conveyed title to any subsequent purchaser, either to a Owner or other Homebuilder, the established sloping areas of each Lot and all improvements on each Lot shall be maintained continuously by the Owner of the Lots to preserve Declarant's designed drainage and grading plan, except for those improvements for which a public authority or utility company is responsible. Declarant reserves the right to modify the Community Erosion Control Plan during the construction of homes in the subdivision.

16. **SIGHT DISTANCE AT INTERSECTIONS.** No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between three (3) and ten (10) feet above the roadways shall be placed or permitted to remain on any corner Lot within the triangular area formed by the street property lines and a line connecting them at points thirty (30) feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended. The same sight-line limitations shall apply on any Lot within ten (10) feet from the intersection of a street property line with the edge of a driveway pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. All sight distance requirements must be in compliance with Deschutes County and the City of Bend Code.
17. **HOME OWNER ASSOCIATION.** No homeowner association exists at JONES FARM. Upon completion of initial construction of all of the homes in JONES FARM, individual Lot owners may vote to form a Home Owner Association. In the event that 51% of the Owners eligible to vote vote in favor of the formation of a Home Owner Association, an Association shall be formed. Each Lot shall receive one vote.
18. **ARCHITECTURAL CONTROL.** Architectural control of houses and accessory structures shall be by Declarant. Declarant must approve all plans, specifications and exterior color of houses or accessory structures in writing prior to start of construction. Declarant shall approve any modifications to approved plans in writing. After initial construction of homes on all Lots in the subdivision, architectural control by Declarant shall cease. Upon the vote of 51% of the Owners in favor of continued Architectural Control, such control shall pass to an Owner's Committee consisting of three (3) Owners elected by a vote of the Owners.
19. **HOME OFFICES.** No business venture shall be conducted on a Lot or in or about any property in JONES FARM except for one-room offices that are not designated by exterior sign(s) and which does not become an undo burden on or nuisance to the JONES FARM neighborhood.

21. **ENFORCEMENT/ATTORNEYS' FEES.** Declarant and the Owners within the Property or any mortgagee on any Lot shall have the right to enforce all of the covenant, condition, restrictions, reservations, easements, liens and charges now or hereinafter imposed by any of the provisions of this Declaration as may appertain specifically to such parties or Owners by any proceeding at law or in equity. Failure by either the Declarant or by any Owner or mortgagee to enforce any covenant, condition or restriction herein contained shall in no event be deemed a waiver of their right to do so thereafter. In the event suit or action is commenced to enforce terms and provisions of this Declaration, the prevailing party shall be entitled to its attorney fees and costs in such suit or action to be fixed by the trial court, and in the event of an appeal, the cost of the appeal, together with reasonable attorney fees to be set by the appellate court. Neither Declarant nor Declarant's successors or assigns shall be liable to any Owner, Occupant, or to any other person for its enforcement or failure to enforce any provision of this Declaration.

Fences shall be of the same style as originally installed by the developer. All fences if stained shall be the same color and such color shall be determined by the Declarant. All Owners in JONES FARM are encouraged to work with the neighbors to create "good neighbor" fencing. Nothing in this section shall be construed to allow any fence that is otherwise prohibited by any Bend ordinances. Lot owner shall maintain all fencing located on their Lot in an attractive state and in good condition.
24. **ANTENNAS & SATILITTE DISHES.** There shall be no exposed or exterior radio or television transmission or receiving antennas erected, placed, or maintained on any structure or land in the Subdivision, with the exception of any needs for utilities. Satellite dishes may be used if under 2' in diameter but must not be visible from the street.
25. **YARD ORDAMENTATION.** All ornamentation in yards, such as figurines, plastic flowers, colored lights, windmills, birdbaths, or feeders, shall be screened from the public or neighboring

view. A fence or hedge of the maximum permissible height is considered sufficient. This section shall not apply to seasonal holiday decorations, which are to be promptly removed after the holiday, or to the display of the flag of the United States of America.

26. **OWNER'S OBLIGATIONS.** The Owner of a Lot will be responsible for any necessary grading, drainage, or retaining walls. The Declarant shall not be responsible for any of the cost thereof. Each Owner shall maintain the exterior appearance of their home and Lot in an attractive manner. The Owner of a Lot will be responsible for keeping roadways and adjoining Lots clean and free of debris (and roadways free of mud) arising from landscaping or construction activities or maintenance of their Lot.
27. **SEVERABILITY.** Invalidation of any one of these covenants, conditions or restrictions by judgment or court order shall not in any way affect any of the other provisions, which shall remain in full force and effect.
28. **AMENDMENT.** These Declaration may be amended by an instrument signed by a majority of the current Lot owners and recorded with the County Recorder, agreeing to change said Covenants in whole or in part; provided however, that if Declarant owns at least one Lot, these covenants cannot be amended without Declarant's written consent. 29. **ANNEXATION OF ADDITIONAL PROPERTY.** Declarant may from time to time and in its sole discretion annex to the Property subject to this Declaration any real property now or hereafter acquired by it. The annexation of such real property shall be accomplished by Declarant recording a declaration which describes the real property to be annexed, establish land classification for the real property, establish any additional limitations, uses, restrictions, covenants which are intended to be applicable to such property, and declare that such property is held and shall be held, conveyed, encumbered, used, occupied and improved subject to this Declaration. Upon annexation, additional Lots so annexed shall be entitled to voting rights.
30. **RENTAL OF HOMES.** An Owner may rent or lease such Owner's Home or a portion thereof, provided that the following conditions are met:
 - a) Written Rental Agreements Required. The Owner and the tenant enter into a written rental or lease agreement specifying that (i) the tenant shall be subject to all provisions of the Declaration, and (ii) a failure to comply with any provision of the Declaration shall constitute a default under the rental or lease agreement;
