Supplemental Declaration

Declarant hereby declares on behalf of itself, its successors, grantees and assigns, as well as to any and all persons having, acquiring or seeking to have or acquire any interest of any nature whatsoever in and to any part of the property described on Exhibit "A," that said real property in all respects shall be subject to the Oregon Condominium Act and is a part of THE RIDGE CONDOMINIUM, subject to all of the rights, restrictions and obligations of the Condominium Declaration and Bylaws of said condominium recorded July 7, 1988 in the records of Deschutes County, Oregon, Volume 166, Pages 1467, et seq., the Supplemental Condominium Declaration for Stage II of THE RIDGE CONDOMINIUM, recorded February 8, 1989, in the records of Deschutes County, Oregon, Volume 178, Pages 1752, et seq., the Supplemental Condominium Declaration for Stage III of THE RIDGE CONDOMINIUM, recorded June 9, 1989, in the records of Deschutes County, Oregon, Volume 185, Pages 2315, et seq., the Supplemental Condominium Declaration for Stage IV of THE RIDGE CONDOMINIUM, recorded June 20, 1989, in the records of Deschutes County, Oregon, Volume 186, Pages 1208, et seq., and the Supplemental Condominium Declaration for Stage V of THE RIDGE CONDOMINIUM, recorded October 24, 1989, in the records of Deschutes County, Oregon, Volume 194, Pages 2854, et seq. Except as herein amended to permit the addition of the six (6) units in Stage VI, the Condominium Declaration and Bylaws shall remain in full force and effect.

1. LAND DESCRIPTION. The land submitted to the Oregon Condominium Act hereunder is owned and submitted by the Declarant in fee simple. The land is located in the County of Deschutes, State of Oregon, and is more particularly described on Exhibit "A" attached hereto.

2. NAME AND UNIT DESCRIPTION.

2.1 Name. The property submitted hereby shall become a part of and shall be known together with the twenty-six (26) units in Stages I, II, III, IV and V as THE RIDGE CONDOMINIUM.

2.2 Boundaries of Units. Each unit shall be bounded by the interior surfaces of its perimeter walls, floors, ceilings, and trim. The units shall include all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and any other materials constituting any part of its finished surfaces and the exterior surfaces so described. All other portions of the walls, floors or ceilings shall be a part of the common elements. In addition, each unit shall include the following:

(a) All spaces, nonbearing interior partitions, windows, window frames, exterior doors, door frames, and all other fixtures and improvements within the boundaries of the unit; and

(b) All outlets of utility service lines, including, but not limited to, power, light, gas, hot and cold water, heating, refrigeration, air conditioning and waste disposal within the boundaries of the unit, but shall not include any part of such lines or ducts themselves.

In interpreting deeds, mortgages, deeds of trust and other instruments for any purpose whatsoever or in connection with any matter, the existing physical boundaries of the unit or of a unit reconstructed in substantial accordance with the original plans hereof shall be conclusively presumed to be the boundaries regardless of settling, rising or lateral movement of the building and regard less of variances between boundaries as shown on the plat and those of the actual building or buildings.

2.3 Building Description and Unit Designation. The land submitted by this Supplemental Declaration has two (2) buildings thereon in which six (6) condominium units are located. The condominium building is two-story, wood frame construction on concrete foundations with plywood siding and composition shingle roofs. The vertical and horizontal boundaries, number designation, location and dimension of each unit and the designation, location, description of boundaries and approximate

area of each limited common element parking space are shown on the plat for Stage VI, which is being recorded simultaneously with this Declaration. There are no parking "units" in any stage of the Condominium, and all references to any parking "units" in any previous Declaration or Supplemental Declaration are intended to refer to limited common element parking spaces.

The allocation to each unit in Stage VI of an undivided interest in the common elements was determined by dividing the sum of the approximate floor space of all units into the approximate floor space of each respective unit, and by arbitrarily subtracting .0001 percentage interest in the common elements from Units 7 through 14 for purposes of this Supplemental Declaration only.

The unit designation, approximate area and percentage ownership in common elements as of the annexation of Stage VI is as follows:
