Parcel 4: the Northwest Quarter of the Northwest Quarter (NW<sup>1</sup>/NW<sup>1</sup>) Section 20, Township 17 South, Range 12 East Willamette Meridian.

B. AREA OF APPLICATION

1. FULLY PROTECTED RESIDENTIAL AREA

The residential area covenants in Part C in their entirety shall apply to all areas as indicated on official plot map of Rimrock West.

2. COMMON AREA

The Common area covenants in Part D shall apply to that portion of Rimrock West designated as the Common area.

C. LAND USE AND BUILDING TYPE.

1. RESIDENTIAL LOTS.

1. No lot shall used except for residential purposes. No buildings other than the detached single family dwelling, not to exceed one and one-half stories in height, and a private garage for not more than two cars shall be erected, altered, placed, or permitted to remain on any lot.
2. Multiple family - certain areas as indicated on the master plan have set aside for multiple family dwellings and

areas are separate and apart from residential lots. Structures shall not exceed two stories except under special conditions. Adequate provision shall be made for automobile parking and such areas must be landscaped and park like. Covered individual parking areas shall be encouraged.

## E. ARCHITECTURAL CONTROL.

No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to quality of workmanship and materials, harmony of external design with existing structures, topography, and general nature of the surrounding land. The following guidepoints will be considered by the architectural committee in approving building plans. It is realized that with passing time these general criteria may change, in keeping with changes in building materials, methods of construction and architectural concepts.

In general, all homes will be single-story, except on sites which lend themselves to daylight basements. Views from all lots will be safeguarded to the greatest possible extent.

All garages or carports will be attached to homes except when attachment is prevented by unusual topography. Abundant use of outdoor decks and patios will be encouraged.

The use of new materials on all exterior surfaces will be required; used brick will be permissible. It is desired that a majority of the homes have their exteriors made from materials indigenous to the Northwest.

The use of wood stains in lieu of paints will be encouraged. Bright paint exteriors other than in trim or in accent panels will be discouraged, and will be approved only in unusual locations.

The orientation and location of houses on lots is to be reviewed by the architectural control committee. The intent is to keep all homes as compatible as possible with their natural surroundings and with each other.

Unpainted roll roofing and V-corrugate or corrugated metal roofs may not be used on any structure. No asphaltic covering shall be used as finished exterior siding.

In addition, no fence or wall shall be erected, placed, or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. Approval shall be as provided in Part F.

## 3. DWELLING SIZE AND VALUATION.

No minimum square footage, roof area, or cost has been established in restriction. Rather than fix arbitrary standards, the site will be reviewed by the architectural control committee. The important considerations will be compatibility of the home to its site and to its neighbors. We are aware that with thought and planning a home of outstanding attraction can be built in as little as 800 square feet. We anticipate that homes at Rimrock West will vary in size from about 800 square feet up to several thousand square feet. We suggest submission of tentative plans for approval before proceeding with final plans.

## 4. BUILDING LOCATION.

- a. No building shall be located on any lot nearer than 25 feet to the front lot line or nearer than 25 feet to any side street line.
- b. No building shall be located nearer than 15 feet to an interior lot line.
- c. For purposes of this covenant, eaves, steps and open porches shall not be considered as part of a building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

## 5. LOT AREA AND WIDTH.

No dwelling shall be erected or placed on any lot having a width of less than 70 feet at the minimum building setback line, nor shall any dwelling be erected or placed on any lot having an area of less than 10,000 square feet.

## 6. EASEMENTS.

Requirements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with the installation or maintenance of utilities or which may change the direction of flow of drainage channels in the easements.

Easement areas of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

## 7. VACANCY.

No obnoxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may become a nuisance or annoyance in the neighborhood.

## 1. TEMPORARY STRUCTURES.

No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time, either temporarily or permanently.

## 2. SIGNS.

No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than five square feet, advertising the property for sale or rent, or otherwise by a builder to advertise the property during construction and sales period. An exception will be one permanent sign to be erected at the entrance identifying the subdivision. said sign to be in keeping with surrounding terrain and natural vegetation.

## 3. OIL AND MINING OPERATIONS.

Said property shall in any part thereof, be used for the purpose of exploring for, taking therefrom, or producing therefrom gas, oil, or other hydrocarbon substances.

## 4. LIVESTOCK AND POULTRY.

No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot that does, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.

## 5. GARBAGE AND REFUSE DISPOSAL.

No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such materials shall be kept in a clean and sanitary condition.

## 6. WATER SUPPLY.

No individual water supply system shall be permitted on any lot.

## 7. SEWAGE DISPOSAL.

No individual sewage disposal system shall be permitted on any lot.

## 8. SIGHT DISTANCE AT INTERSECTIONS.

No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between two and six feet above the roadway shall be placed or permitted to remain at any corner lot within the triangular area formed by the street property lines and a line connecting them at points twenty-five feet from the intersection of the street lines, or the street property lines extending to the rounded property corner intersection. The same sight line limitation shall apply on any lot within ten feet from the intersection of a street property line, with the edge of a street may be otherwise removed. No trees shall be permitted to remain within such distances of such intersections, unless the following

line is maintained at sufficient height to prevent obstruction of such sightlines.

#### 16. LAND NEAR COMMON AREAS AND WATERCOURSES.

No buildings shall be placed nor shall any materials or refuse be placed or stored on any lot within twenty feet of the property line of any common or edge of any open watercourses.

#### 17. LANDSCAPING.

It is the desire of P. C. Dunn & Associates to observe natural vegetation of Rimrock West to the greatest extent possible, and to preclude the planting of trees, shrubs, vines, and other vegetation which would not be in keeping with the general surrounding area.

#### 18. COMMON AREA COVENANTS.

No structure shall be permitted in common areas except those which might be used for the common enjoyment of all the residents. No trash or garbage shall at any time be placed upon common areas. No trees, rocks, or other material may be moved from common areas except by designation of the architectural committee, with the intent of maintaining the common areas in a natural state with only a minimum of alteration in order that it be made useful.

#### 19. ARCHITECTURAL CONTROL COMMITTEE.

##### A. FUNCTION.

The Architectural Committee shall exercise the functions for which it is given responsibility in any Rimrock West declaration or in the Plan for Rimrock West. ## D. GENERAL PROVISIONS.

## 1. TERM.

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of thirty years from the date these extended for successive periods of ten years, unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

**COMPREHENSIVE PLAN FOR RIMROCK WEST**

(A Statement of the plan of R. C. Crum & Associates for the development of portions of Rimrock West, containing among other things provisions which will subject portions thereof to certain easements, restrictions, assessments, fines, penalties and fees.)

**OBJECTIVES**

Rimrock West is a development consisting of approximately 136 acres located in Deschutes County, Oregon. Rimrock West is owned by R. C. Crum & Associates, an Oregon company hereinafter called the developer.

Developer hopes to create in Rimrock West a planned community which will provide a particularly attractive place to live, appealing especially to those who wish to live close to a metropolitan area, enjoy metropolitan conveniences and yet at the same time have all the advantages of relaxed outdoors living for which Central Oregon is so justly famous.

Developer conceives that those living in Rimrock West may enjoy these many advantages on a relatively economical basis, through a provision for shared cost for a common recreational and service facilities. Therefore, the developer expects to provide common areas which will be available for use by all of the residents of Rimrock West and their guests. Special recreational facilities available for common use with or without charge may be established on some of the common areas.

By providing standards for the improvement of private areas within Rimrock West, developer hopes to assure that property within Rimrock West will have maximum value for those who acquire it. By requiring proper maintenance of improvements and grounds within private areas within Rimrock West, developer hopes to prevent deterioration of the value of the property as a result of carelessness on the part of any property owner in Rimrock West.

The developer will provide leadership in organizing and administering Rimrock West during the development period, but expects property owners in Rimrock West to accept responsibility for community administration by the time the development is complete. By the time the development is complete, the developer will have conveyed to the Rimrock West association title to all common areas and private ways.

Funds for the maintenance and development of common areas, private ways and certain other areas generally will be provided through assessments against those who purchase property, although to assist with the development of Rimrock West, developer may from time to time provide some of the improvements. For the protection of all owners of property, there will be a system designed to ensure that each person who purchases property will pay a share of the monies necessary for the maintenance and development of common areas, private ways, leased scenic areas if any and semi-public recreational areas, if any.

In adoption of the plan for Rimrock West, developer is not committing himself to the creation for which definite provision is not made below.

The following is the Plan for Rumrock West:

3.2 Effect of withdrawal. Withdrawal of an area from the Plan for Rimrock West shall have the following effects:

- (a) No person who does not own property within the area which is withdrawn shall any longer be entitled to use any of the common areas within the area withdrawn.
- (b) Unit owners within the area which has been withdrawn shall no longer be entitled by virtue of ownership of their units and of the provisions of this Plan for Rimrock West to use any common areas or semi-public recreational or service areas in any area which remains subject to the Plan for Rimrock West.

Within such limits the manager may vacate a private way by filing a declaration to that effect in the Records of Deeds of Deschutes County, Oregon setting forth with particularity the private ways which are vacated. Following vacation the manager shall not expend monies from the maintenance fund for the maintenance of the private ways which were vacated.

## SECTION IV

## Land Classifications and Uses within Rimrock West

4.1 **Classifications presently contemplated.** Land classifications presently contemplated within areas to be subjected to the Plan for Rimrock West are private areas, common areas, private ways, public roads and streets, private recreational areas, with the possibility of semi-public recreational or service areas, leased scenic areas. Developer reserves the right to create and make provision for additional land classifications in any Rimrock West declaration. The manager of Rimrock West will hold and retain title to common areas, private ways, private recreational areas, leased scenic areas and semi-public recreational or service areas subject, however, to the right of residents of Rimrock West and others to use such areas as herein provided.

4.2 **Private areas.** Restrictions on and rules and regulations governing the use of private areas within Rimrock West shall be set forth in the Rimrock West Declaration. By accepting a deed or lease to a private area within Rimrock West the grantee will be deemed to have covenanted that he will use and permit the use of the property only in accordance with, and that he will not permit any other than those who come upon his premises to abide by the restrictions, covenants and conditions contained in the Plan for Rimrock West and in the Rimrock West Declaration, and in the rules and regulations promulgated thereunder, that he will pay to the manager of Rimrock West all amounts provided for in the Plan for Rimrock West and in such Rimrock West declaration and that his property will be subject to a Lien or Liens as provided in such instruments. For the protection of all residents of Rimrock West the manager of Rimrock West will be generally responsible for the enforcement of such restrictions, covenants, conditions, rules and regulations.

4.3 **Private Ways.** Each unit owner and each resident of Rimrock West is hereby granted a nonexclusive easement to use private ways for the purpose of walking, running or traveling thereon by appropriate means. Each resident of Rimrock West may permit his guests and invitees to use the private ways for such purposes. The easement herein granted shall be appurtenant to and assignable with the unit with respect to which it is granted, but shall not otherwise be assignable. Use of private ways shall be subject to the Rimrock West Rules and Regulations. The manager of Rimrock West in its discretion may dedicate private ways to the public. The manager also may grant free access on private ways to police, fire and other public officials, to employees of utility companies serving Rimrock West and to such other persons to whom the manager believes access should be given for the benefit of the residents of Rimrock West. Developer may use the private ways for its own purposes and for the purpose of location of utilities thereon. By granting the right to residents of Rimrock West and others to use private ways Developer does not intend to dedicate private ways to the public but rather intends to preserve the private character of such ways. The manager shall be deemed to have dedicated such ways to the public only if it shall file in the records of Deschutes County an instrument clearly evidencing its intention to dedicate such ways to the public.

4.4 **Common areas.** Each resident of Rimrock West is hereby granted a nonexclusive covenant to use common areas for such recreational purposes as may be permitted by the Rimrock West Rules and Regulations and in the manner permitted therein. Each resident of Rimrock West may permit his guests to use common areas for such

purposes and in such manner. Common areas shall not be platted or otherwise divided into lots for residential use. The manager of Rimrock West may develop special recreational or service facilities on portions of the common areas for the general use and benefit of all residents of Rimrock West and their guests. The manager may from time to time permit residents of Rimrock West to use designated portions of common areas for recreational or service uses of benefit to such residents only (e.g., for example, maintaining a volleyball net or badminton court) provided that such permission shall be revocable at any time. The assignment and rights herein granted shall be assignable and transferable with the unit in respect of which it is granted, but shall not otherwise be assignable. The manager in his discretion may dedicate common areas to the public for park purposes and may use common areas for the purpose of location of utilities thereon. The manager may bar any unit owner, member of his family and his guests from using common areas during periods in which the unit owner's maintenance assessments are delinquent.

4.5 Private recreational areas. It may be that a group of unit owners will wish to use a portion of the common areas to develop a facility such as a swimming pool or tennis court for their private use. The manager of Rimrock West may lease a portion of the common areas to a group of not less than five unit owners who wish to develop the same for their private recreational use subject to the following conditions:

- a) The rentals received pursuant to the lease must be added to the maintenance fund.
- b) Not more than 10 per cent of the common area in Rimrock West may be so leased at any one time.
- c) The lease shall provide that the lessees shall use the leased area solely for the development of a recreational facility thereon.
- d) The lease shall preclude the lessees from operating a private recreational facility on the leased premises for profit or from permitting anyone other than residents of Rimrock West and their guests from using the facility.
- e) The lease shall provide that the lessees will erect or construct a designated recreational facility on the leased premises within a specified time in accordance with standards to be fixed by the Architectural Committee and that they shall maintain the improvement at their expense in accordance with standards which shall be fixed by the Architectural Committee.
- f) The lease shall provide that ad valorem taxes imposed against any improvement constructed on a private recreational area shall be borne by the lessees.

No person shall be excused from paying any part of the maintenance assessment by virtue of his use of a private recreational area in lieu of a facility available to all residents of Rimrock West.

4.6 Joint-public recreational or service areas. Developer believes that it may at some future date be possible to make certain kinds of recreation and service facilities available to the residents of Rimrock West on an ad hoc basis.

basis only if the general public is allowed to use the facilities along with the residents of Rimrock West on a free basis. Therefore, developer may subject areas to the Plan for Rimrock West which will constitute "semi-public recreational or service areas" if each of the following conditions is met:

- a) Provision must be made for the use of the facility by the residents of Rimrock West and their guests in the manner permitted by the Rimrock West Rules and Regulations.
- b) Fees charged residents of Rimrock West and their guests for the use of the facility may be no higher than those charged members of the public for an equivalent use or service.
- c) Any net cash profits from the operation of the facility must be added to the maintenance fund.

The manager shall be free to convert any semi-public recreational or service area into a common area on either a permanent or temporary basis at any time it seems desirable.

#### SECTION V

##### Consolidation of Lots within Private Areas

Whenever a person shall own all of a lot restricted to single family residence use within a private area (the "basic lot"), together with one or more contiguous lots or contiguous portions thereof also restricted to single family residential use (the "additional lot" or "additional portion") and shall wish to consolidate the basic lot and the additional lot or additional portion, he may do so. The consolidation shall be effected by the owner's filing in the records of deeds of Deschutes County, Oregon, a declaration stating that the two areas are consolidated.

The consolidation provided for in this section shall have the following effects:

- a) The consolidated areas shall constitute one unit for all purposes under the Plan for Rimrock West and under the Rimrock West declaration.
- b) The entire consolidated area may be used for the construction of only one residence thereon.
- c) No residence or other structure may be placed upon the remainder of a lot, a portion of which was consolidated with another lot but which remainder has not been consolidated with another lot, unless the area of such remainder constitutes at least 95 per cent of the original area of the lot.
- d) Areas which have once been consolidated may at no time in the future be partitioned.

## SECTION VI

- All rules and regulations must be applicable on a discriminatory basis. However, procedures uniformly applicable to a class of persons, such as children of particular ages, will not be deemed discriminatory. A current copy of the Rimrock West Rules and Regulations shall be kept on file at the manager's office of the manager at all times. Such Rules and Regulations shall have the same force and effect as if set forth herein as part of the Plan for Rimrock West.

## SECTION VII

**Maintenance and Development Fund**

**1. Imposition of regular assessments.** The manager of Rimrock West shall have the right to impose an assessment against each unit owner within Rimrock West in an amount not in excess of \$15 per month for each unit owned by each unit

Therefore, the manager of Rimrock West may impose penalties for the violation of the Rimrock West Rules and Regulations within the following limits:

- a) The manager may impose a fine upon the resident of Rimrock West who has violated or whose agent has violated a rule or regulation to an amount not to exceed the sum of \$5 for any one violation. - b) The manager may provide that a person who has violated a rule or regulation shall be deprived of his right to use the common areas, semi-public recreational or service areas or any specified parts of either for a period of not to exceed one year on account of any one violation. Such penalty shall become effective ten days after delivery by the manager of notice thereof to the person upon whom it is imposed.

**11.2 Violation of Rimrock West declaration by nonqualifying improvement.** In the event any unit owner constructs or permits to be constructed on his unit an improvement contrary to the provisions of a Rimrock West declaration or in the event that a unit owner maintains or permits any improvement, condition or other thing on his unit contrary to the provisions of a Rimrock West declaration, the manager of Rimrock West may no sooner than 60 days after delivery to such unit owner of written notice of the violation enter upon the offending unit and remove the cause of such violation, or alter, repair or charge the item which is in violation of such declaration in such manner as to make it conform thereto. The manager may charge such unit owner for the entire cost of the work done by it pursuant to this section. All fines shall be paid into the maintenance fund.

**11.6 Appeals.** Any person upon whom a fine or penalty has been imposed pursuant to sections 11.1, 11.3 or 11.4 who deems that such fine or penalty was unfairly imposed, either because he did not violate a rule, regulation or provision as

charged or because the fine or penalty imposed is unduly severe, may appeal from the imposition of the fine or penalty by filing a statement to that effect with the manager at any time before the fine becomes payable or the penalty effective.

11.7 Interest. Any amount not paid to the manager of Rimrock West when due in accordance with the Plan for Rimrock West or in any Rimrock West declaration shall bear interest from the date due until paid at the rate of 10 per cent per annum.

11.8 Default in payment of maintenance assessments, fines and charges. Each maintenance assessment, fine or charge levied or imposed pursuant to the Plan for Rimrock West or any Rimrock West declaration, together with interest thereon, shall be a separate, distinct and personal debt and obligation of the unit owner or resident of Rimrock West against whom the maintenance assessment, fine or charge is levied or imposed or from whom the amount is due. If a unit owner fails to pay any such fine, assessment or charge or any instalment thereof when due the unit owner shall be in default and the amount of the fine, assessment or charge not paid together with interest, costs and attorneys' fees as elsewhere provided for herein shall become a lien upon the unit or units owned by the person from whom the fine, assessment or charge is due upon the filing by the manager of Rimrock West in the records of mortgages of Deschutes County, Oregon, of a notice of lien setting forth the amount due and a description of the units against which the lien is imposed. Such lien shall not take effect until notice thereof has been so filed. Thus, such lien shall be subordinate to the lien of any mortgage upon any unit which is accepted in good faith and for value and which was recorded prior to the filing of the notice of lien. The manager of Rimrock West may commence proceedings to foreclose any such lien at any time within three years following the date of such filing.

11.9 Expenses and attorney's fees. In the event that the manager of Rimrock West shall bring any suit or action to enforce any provision contained in the Plan for Rimrock West or in a Rimrock West declaration to collect any money due to it thereunder or to foreclose a lien, the defendant in such suit or action shall pay to the manager all costs and expenses which the manager shall incur in connection with such suit or action, including a foreclosure title report, and such amount as the court may determine to be reasonable as attorneys' fees thereon, including attorneys' fees incurred in connection with any appeal from a decision of the trial court or an intermediate appellate court.

11.10 Nonexclusiveness and accumulation of remedies. Election by the manager of Rimrock West to pursue any remedy provided for the violation of any provision of the Plan for Rimrock West or of a Rimrock West declaration shall not prevent concurrent or subsequent exercise of another remedy permitted thereunder or which is permitted by law. The remedies provided in the Plan for Rimrock West and in any Rimrock West declaration are not intended to be exclusive but shall be in addition to all other remedies, including actions for damages or suits for injunctions or for specific performance available under applicable law.

11.11 Right of entry. The manager of Rimrock West or any member of the Architectural Committee authorized by the manager may at any reasonable time, and from time to time at reasonable intervals, enter upon any unit within Rimrock West for the purpose of determining whether or not the use of such unit or any improvement thereto is then in compliance with the Plan for Rimrock West or any Rimrock West declaration. No such entry shall be deemed to constitute a trespass or otherwise to create any right of action in the unit owner or occupant of such parcel.

**Miscellaneous Provisions**

12.1 **Amendment and repeal.** With the consent of the manager of Rimrock West any provision of this Plan for Rimrock West may at any time be amended or repealed or provisions may be added by either of the following methods:

- a) Unit owners owning 75 percent of the units may consent in writing to the amendment or repeal of a provision or to the addition of a new provision; or
- b) The Rimrock West Association may consent to such amendment, repeal or addition.

The Rimrock West Association shall be deemed to have consented to the amendment or repeal of a provision contained in the Plan for Rimrock West or to the addition of a new provision if the following procedure shall have been followed:

- a) The board of directors of The Rimrock West Association shall have adopted a resolution setting forth the proposed amendment, provision for repeal or proposed additional provision and directing that it be submitted to a vote at a meeting of the members, which may be either an annual or a special meeting.
- b) Written notice setting forth the proposed amendment, provision for repeal or proposed additional provision, or a summary of the changes to be effected thereby, shall be given to each unit owner at least 60 days prior to the time of the meeting at which the proposed amendment, provision for repeal or proposed additional provision is to be considered.
- c) Written notice setting forth the proposed amendment, provisions for repeal or proposed additional provision, or a summary of the changes to be effected thereby, shall also be given to each member of The Rimrock West Association with this notice of the meeting of the members at which the proposed amendment, provision for repeal or proposed additional provision is to be considered.
- d) At the meeting of the members at which the proposed amendment, provision for repeal or proposed additional provision is to be considered, the proposed amendment, provision for repeal or proposed additional provision shall be submitted to a vote of the members. The proposed amendment, provision for repeal or proposed additional provision shall be adopted upon receiving two thirds of the votes entitled to be cast by all of the members of the Association.

Any amendment or repeal of a provision of the Plan for Rimrock West or additional provision shall become effective only upon the filing in the records of deeds of Deschutes County, Oregon, of a certificate of the manager of Rimrock West setting forth in full the amendment, amendments, additional provision or repeal approved as provided in this section and certifying that said amendment, amendments, additional provision or repeal have been approved in the manner required therefore herein.

12.2 **Joint owners.** In any case in which two or more persons share the ownership of any unit, regardless of the form of ownership, the responsibility of

such persons to comply with the provisions of the Plan for Rimrock West and the Rimrock West declarations shall be a joint and several responsibility. The act or consent of any one or more of such persons shall constitute the act or consent of the entire ownership interests provided, however, that in the event that such persons disagree among themselves as to the manner in which any vote or right of consent held by them shall be exercised with respect to a pending matter, any such person may deliver written notice of such disagreement to the manager of Rimrock West or The Rimrock West Association, as the case may be, and the vote or right of consent involved shall then be disregarded completely in determining the proportionate of votes or consents given with respect to such matter.

**12.3 CONSTRUCTION; SEVERABILITY; NUMBER; CAPTIONS.** The Plan for Rimrock West shall be construed as an entire document to accomplish the purposes stated in the intent and the paragraphs of the Plan. Nevertheless, each provision of the Plan for Rimrock West shall be deemed independent and severable, and the invalidity or partial invalidity of any provision shall not affect the validity or enforceability of the remaining parts of that or any other provision.

As used herein the singular shall include the plural, and the plural the singular. The masculine and neuter shall each include the masculine, feminine and neuter, as the context requires. All captions used herein are intended solely for convenience of reference and shall in no way limit any of the provisions of the Plan for Rimrock West.

**12.4 NOTICES.** Any notice permitted or required by the Plan for Rimrock West or any Rimrock West declaration may be delivered either personally or by mail. Delivery by mail shall be deemed to have been accomplished 24 hours after the notice has been deposited in certified or registered mail in the United States mail, with postage properly addressed as follows:
