The height of the fence shall be measured from the finished grade along the bottom of the fence. (Remember, whenever installing a wall or fence along one's property line, it is good practice to consult with the adjoining Lot Owners in advance.) Any fence or wall constructed in front of the Dwelling shall be no higher than three feet. Under no circumstance shall any chain-link or barbed wire fences be erected, except for security purposes in connection with construction or reconstruction of a Dwelling. All fences shall be maintained in good condition and repair. The foregoing restrictions, however, shall not apply to any fencing installed by Declarant.

Fencing erected by an Owner or the Declarant along the side or rear of any lot that faces onto any public street shall be maintained in good condition by the Owner of the Lot. No such Owner shall allow the boards or masonry of such fence to become broken or dilapidated. In the event the fencing along any street is in need of painting or staining, the Owners of the fencing along such street shall have the right, upon an affirmative vote of a majority of those Owners owning Lots on which the fence is located, to have the entire length of the fencing painted or stained. The costs of such painting or staining shall be allocated among the Owners in proportion to the linear footage of fence owned by each. 3. The outbuilding is painted the same color as the Dwelling;
4. The outbuilding does not exceed eight feet in height and 300 SF in total dimension, measured along the perimeter of the outbuilding;

No permission or approval shall be required to repaint in accordance with Declarant's original color scheme (as of the time of the original sale by Declarant to Owner, or Owner's predecessor), or to rebuild in accordance with plans and specifications previously approved Declarant. Nothing contained herein shall be construed to limit the right of an Owner to remodel or repaint the interior of a residence.

ARTICLE 3 - USE RESTRICTIONS

Each Residential Lot shall be improved, used and occupied for private, single-family dwelling purposes only.

BUSINESS OR COMMERCIAL ACTIVITY

No commercial business shall be permitted or conducted on any of the Residential Lots. The foregoing notwithstanding, Declarant may use any of the Lots owned or leased by Declarant as model homes and sales offices during the period of time commencing when the Residential Lots in the Project are first sold or offered for sale to the public, and ending when all such Lots are sold and conveyed by Declarant to separate Owners thereof.

LEASE OF DWELLING

Each Owner shall have the right to lease his Dwelling, provided that such lease is in writing and provides that the tenant shall be bound by and obligated to the provisions of this Declaration, and the failure to comply with the provisions of this Declaration shall be a default under the lease. No lease shall have a term of less than 30 days.

Anything contained in this Declaration to the contrary notwithstanding, until all of the Residential Lots for

sale in the Project by Declarant have been sold, Declarant shall have the right to install and maintain such signs, poles and advertisements as it deems appropriate in connection with its sales, financing, or construction program for the sale to the public or Residential Lots, provided such signs shall comply with the local zoning ordinances, that all County or other governmental approvals therefore shall be obtained and that they do not unusually interfere with the right of use and quiet enjoyment of the Owners and occupants.

Any monument sign erected by Declarant at the entrance to the Property, or to the Subdivision, shall be maintained by the Declarant so long as it owns any Lot within the Subdivision. However, upon the sale of the last Lot owned by Declarant within the subdivision, the responsibility for maintenance of any monument sign shall pass to the Owners. The Owners may elect to maintain the monument sign, or to remove it, in cooperation with the Owner of the Lot on which said sign is placed. The Owner of the Lot on which the sign is placed, however, shall only have the right to remove the sign upon the written approval of a majority of the Owners within the Subdivision.

An Owner may keep and maintain in his Dwelling domesticated pets such as dogs, cats, or other usual and ordinary household pet, provided that they are not kept, maintained or bred for any commercial purposes. The foregoing notwithstanding, no pets may be kept on the premises which result in an annoyance or are obnoxious to other Owner or occupants. Declarant or any Owner may cause any unleashed dog and or any other such animal found within the Project to be removed by Declarant (or any Owner) to an animal shelter under the jurisdiction of the City of Bend, or the County of Deschutes by calling the appropriate authorities, whereupon the Owner may upon payment of all expenses connected therewith, repossess the dog or other such animal. No dog whose barking disturbs other Owners or occupants shall be permitted to remain on the Property. Owners shall prevent their pets from soiling all portions of the City street areas where other persons customarily walk and shall promptly clean up any mess left by their pets. Owners and occupants may keep and maintain such pets as may be permitted by County zoning ordinances.

VEHICLE RESTRICTIONS

Owners and occupants may keep and maintain such vehicles on their Residential Lots as may be permitted in accordance with the codes, ordinances and statutes of the City. No vehicles shall be permitted to remain parked on the street or any front yard area of a Residential Lot, except for paved driveway leading to a garage, or within a paved parking area other than a driveway that is located adjacent to the Dwelling, for any period in excess of four days. Extended parking of boats, campers, trailers or other recreational vehicles (in excess of four days) shall be permitted only behind the front fence and along the side of the home. If any vehicle or trailer is parked along the side of the house for more than four days, it shall be screened by a fence of no less than five feet across the front and along the length of the vehicle or trailer. No Owner may engage in any vehicle restoration or maintenance work beyond any continuous period of forty-eight (48) hours, unless such work is performed within an enclosed garage. The foregoing shall not be deemed to prevent the washing or polishing of motor vehicles together with those activities normally incidental to such activity. Anything herein to the contrary notwithstanding, trailers or temporary structures for use incidental to the actual construction or reconstruction of a Dwelling on a Residential Lot may be erected, but no such temporary structure shall remain on any Residential Lot for a longer period of time than is customarily required to construct like or similar Dwellings. Declarant, however, may maintain trailers or temporary structures within the Project which are incidental to the completion of the Project. No such trailer shall be used as a residence by any Owner during construction of a Dwelling.

GARAGES; PARKING

Garages shall be used only for the purpose of parking automobiles and other vehicles and equipment and storing an Owner's household goods; provided, however, that all such uses shall be accomplished so that garage doors can be closed. Garages shall not be converted into any use (such as a recreational room or for storage) that would prevent its use as parking space for the number of vehicles the garage was designed to contain. Except for purposes of ingress or egress, all garage doors shall remain closed. Parking of vehicles on Residential Lots shall be conducted on paved surfaces only. There shall be no parking of vehicles on unpaved surfaces, such as lawns or dirt surfaces. Garage doors shall not exceed nine feet in height.

Trash, garbage and other waste shall be kept except in sanitary containers designed for such purpose. All equipment for storage or disposal of such materials shall be kept in a clean and sanitary condition. All equipment, trash bins or cans shall be kept screened and concealed from view of other Lots and from the streets. Owners are encouraged to contract with the local refuse removal company for routine garbage disposal.

No Residential Lot or Dwelling shall be used in such manner as to obstruct or interfere with the enjoyment of occupants of other such areas, nor shall any illegal activity be committed or permitted to occur on any Residential Lot.

ARTICLE 4 - RESPONSIBILITY FOR MAINTENANCE

Each such Owner shall, at his sole cost and expense, maintain and repair Owner's Lot. Maintenance shall, at a minimum, include irrigation of the landscaping, including landscaping between the sidewalk and curb in front of the Dwelling, if any, repair and replacement of plant materials and irrigation systems as necessary, and general cleanup of the landscaped areas and of all slope banks comprising property adjacent to any private road or drive where such adjoins each Owners' Lot, regular painting of the exterior surfaces of the Dwelling, and maintenance and replacement of the roofing. The standards of such maintenance shall be, at a minimum, in conformance with maintenance standards for similar Dwellings in the area. No rubbish or debris of any kind shall be placed or permitted by an Owner to accumulate upon or adjacent to any Lot, or slope, so as to render such property or portion thereof unsanitary, unsightly, offensive or detrimental to other residents.

ARTICLE 5 - PARTY WALLS

GENERAL

Each of the adjoining Owners of a Party Wall shall assume the burdens and be entitled to the benefits of this

Declaration, and to the extent not inconsistent with this Article, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall be applied thereto.

DAMAGE BY ONE OWNER

In the event any such party wall is damaged or destroyed through the act of one adjoining Owner or any of his agents, guests, invitees, tenants or members of his family (whether or not such act is negligent or otherwise culpable) so as to deprive any person of the full use and enjoyment of such wall, then such Owner shall forthwith proceed to rebuild and repair the same to as good a condition as formerly existed, without cost to the other adjoining Owner.

SHARING OF MAINTENANCE

The cost of reasonable maintenance of a party wall shall be shared by the Owners along whose property line the wall sits in proportion to the length of the wall along each such Owner's property line.

DAMAGE BY OTHER CAUSE

In the event any such party wall is damaged or destroyed by some cause (including ordinary wear and tear and deterioration from lapse of time), other than the act of one of the adjoining Owners, his tenants, guests or family, both such adjoining owners shall proceed forthwith to rebuild or repair the same to as good condition as formerly existed, at their joint expense.

ALTERATIONS

In addition to meeting the other requirements of this Declaration and of any building code or similar regulation or ordinance, any Owners proposing to modify, make additions to or rebuild his Dwelling in any manner which requires the extension or other alteration of any party wall shall first obtain the written consent of the adjoining Owner. In addition, so long as the Declarant owns any Residential Lot within the Project, the Owner shall first obtain Declarant's written approval of the proposed alteration. The owner shall provide the Declarant with three copies of a drawing showing the proposed alteration to the Dwelling. Declarant shall have thirty days within which to provide written notification of approval or disapproval of the alteration. If written notification is not provided within that time frame, the Owner shall be free to construct the alteration as proposed.

WEATHERPROOFING

Any other provisions of this Article 5 notwithstanding, any Owner, who by his negligent or willful act causes the party wall to be unusually exposed to the elements shall bear the whole cost of replacement of that portion so exposed.

Each Owner shall maintain, repair replace, and keep free from debris or obstructions the drainage system and devices, if any, located on their respective Lot. Water from any Lot may drain into adjacent streets but shall not drain onto adjacent Lots unless an easement for such purposes is granted herein, in the subdivision map for the Real Property, or in any other grant of easement. Declarant hereby reserves for itself and its successive owners, over all areas of the Project, easements for drainage from slope areas and drainage ways constructed by Declarant.

UTILITY EASEMENTS

Each Owner agrees, by acceptance of deed, that his or her Residential Lot is granted subject to an easement for utility installations and maintenance. Whenever utility facilities installed within the Project, or any portion thereof, lie in or upon a Lot owned by Other than the Owner of a Lot served by said utility facilities, the Owners of any Lots served by said utility facilities shall have the right of reasonable access for themselves or for utility companies, the City, or the County of Deschutes County to repair, replace and generally maintain said utility facilities as and when the same may be necessary.

All lots bordering on the Swalley Irrigation District (Swalley) Canal along the easterly and southerly boundary of the Property are subject to the terms of the access easement held by Swalley as the terms of that easement may be interpreted and implied. Nothing in these CC&Rs imposes a duty upon any Owner, or the Declarant, to enforce any provision of these CC&Rs. Moreover, upon the sale of all Lots within the Property, Declarant will discontinue any enforcement actions under these CC&Rs.

FAILURE TO ENFORCE

Failure by the Declarant or any Owner to enforce any provisions of this Declaration shall in no event be deemed a waiver of the right to do so thereafter. Each remedy provided by this Declaration shall be cumulative and not exclusive.

Declarant and its successors are undertaking the work of construction of Residential Lots and Dwellings thereon and incidental improvements in the Project. The completion of that work and the sale, rental and other disposition of said Residential Lots and the Dwellings thereon is essential to the establishment and welfare of the Project as a residential community. In order that said work may be completed and said Project be established as a fully occupied residential community as rapidly as possible, nothing in this Declaration shall be understood or construed to prevent Declarant or its successors and their contractors or subcontractors:

- (a) From doing in the Project whatever is reasonably necessary or advisable in connection with the completion of said work;
 - (b) From erecting, constructing and maintaining on any part or parts of the Project such structures as may be reasonable and necessary for the conduct of its business of completing said work and establishing said Project as a residential community and disposing of the same in parcels by sale, lease or otherwise;

(a) The Owner or Owners, as the case may be, shall deliver written notice of the nature of such Claim to Declarant and any other involved person or entity within one (1) year of becoming aware of the existence of such Claim, or the facts giving rise to such Claim. For purposes of this Section, knowledge of such Claim shall be deemed to exist, without limitation, upon the identification of such Claim or facts relating thereto, in (i) a written report prepared following an inspection in accordance with the inspection provisions contained herein, (ii) a writing by an Owner to Declarant, or (iii) upon the discovery of such Claim.

(b) If Declarant or another involved party requests, within one hundred twenty (120) days of the date of receipt of such written notice of a Claim, it shall be provided with access to the Property and a reasonable opportunity and time period to cure or otherwise resolve such Claim.

(c) Any such Claim, if not otherwise resolved, shall be submitted to and settled by binding arbitration in accordance with the rules of the American Arbitration Association. Such arbitration shall constitute the sole and exclusive remedy for the resolution of any such Claim.

ARBITRATION PROCEDURES AND RULES

Any arbitration instituted pursuant to this Declaration shall be conducted in accordance with the Commercial Arbitration Rules or the American Arbitration Association, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The decisions of the arbitrator, including the determination of the amount of any damages suffered, if any, shall be conclusive, final and binding upon all the parties, their heirs, executors, administrators, successors, assigns, officers, directors and shareholders, as applicable.

On the demand of the arbitrator or any party to an arbitration initiated hereunder, and after reasonable opportunity to join in and become a party to such arbitration, all of the parties to such arbitration and such concerned parties shall be bound by such arbitration proceeding. If any party refuses or neglects to appear at or participate in such arbitration proceeding, the arbitrator is empowered to decide the controversy in accordance with whatever evidence is presented by the party or parties who do participate. The arbitrator is authorized to award any party or parties such sums as it considers proper for the time, expense and trouble of arbitration, including arbitrator fees and attorneys' fees.

WAIVER OF ARBITRATION

In the event any legal action or proceeding is instituted by a party (which is subject to this Section) in connection with any matter for which arbitration under this Section may be required, such party conclusively shall be deemed to have waived its right to require arbitration hereunder. Any party (which is also subject to this Section) named in such action or proceeding may, at any time within thirty (30) days after being served by proper service of process with respect to such action or proceeding, may require by written notice delivered to the first mentioned party that such matter be determined by arbitration pursuant to this Article, and such requirement shall be binding on all such parties. A party's failure to require such arbitration within said thirty (30) day period will constitute waiver by such party of its right to require arbitration under this Section.

EXCEPTIONS

Notwithstanding anything contained in this Article to the contrary, the filing of a judicial action to enable the recording of a notice of pending action, for order of attachment, receivership, injunction or other provisional remedies, shall not constitute a waiver of the right to arbitrate under this Article.

OWNERS CLAIMS

In any arbitration of a dispute, controversy or claim by an Owner or Owners against Declarant, its successors and assigns, and/or any contractor, subcontractor, architect, materialman, consultant, or other person or entity involved in the planning, development or construction of the Project or any component part thereof, pertaining to the planning, development or construction of the Project or any component part thereof, not less than ninety percent (90%) of the amount actually awarded, if any as a result of such arbitration must be utilized by the Owner or Owners, solely and exclusively, for the construction, reconstruction, repair or replacement of such Owner or Owners' property. In such proceeding, there shall be no award in excess of the total costs of such repair, improvement or replacement, save the prevailing party's attorneys fees and costs of suit.

DECLARANT'S APPROVAL

Notwithstanding anything contained in this Declaration to the contrary, for a period of five years from the date of conveyance by Declarant of the last Residential Lot in the Project to a purchaser, amendment of the Section of this Declaration entitled "Binding Arbitration," shall require the written approval of the Declarant.

APPROVAL BY FHA OR VA

In the event the Project has been approved by the US Department of Veterans Affairs ("VA") or the Federal Housing Association ("FHA"), and provided that either VA or FHA Insurer guarantees a loan on a Residential Lot, any amendment of this Declaration shall require the approval of either the VA or FHA. However, the failure of VA or FHA to approve in advance any such amendment shall not invalidate the amendment as to the Property, the Declarant or any Owner.

SEVERABILITY

Should any of the restrictions contained in this Declaration be void or become unenforceable in law or in equity, the remaining portions of this Declaration shall, nevertheless, be and remain in full force and effect.

SINGULAR INCLUDES PLURAL

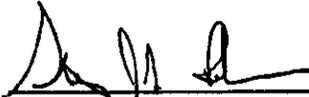

Whenever the context or this Declaration requires, the singular shall include the plural and the masculine shall include the feminine.

LIBERAL CONSTRUCTION

The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development of a residential community and for the maintenance of the Project.
